PRODUCT DATA SHEET

MAGNUM ENGINE OIL SN/CF 10W-40 FS

PRODUCT DESCRIPTION

MAGNUM ENGINE OIL SN/CF 10W-40 FS is a fully synthetic high performance oil suitable for modern turbocharged petrol engines, and is formulated with severely hydrotreated base stocks and latest conventional SAPS additive technology.

APPLICATION AND BENEFITS

- Suitable for all types of petrol engines including high performance turbocharged passenger cars
- Suitable for passenger car diesel engines and light commercial vehicles
- Provides excellent deposits and sludge control
- Resists oxidation and extends the life of engine components. Oil drain intervals are extended
- Synthetic Baseoil technology ensures easy start up during colder climate and excellent viscosity retention at elevated temperatures.

TYPICAL PROPERTIES

Property	Test Method	Typical value
Density at 20°C,g/ml	ASTM D1298	0.856
Viscosity @ 100°C, cSt	ASTM D445	15.0
Viscosity @ 40°C, cSt	ASTM D445	99
Viscosity Index	ASTM D2270	158
Pour point, °C	ASTM D97	-33
Flash point, °C	ASTM D92	225

SPECIFICATIONS

- API SN/CF
- ACEA A3/B4
- MB229.1/226.5
- VW 502.00/505.00
- RN 710/700
- PSAB71-2300

This data sheet was prepared from the best information available at the time of issue. While the values and characteristics are considered representative, some variation, not affecting performance, can be expected. It is the responsibility of the user to ensure that the products are used in the applications for which they are intended. Material Safety Data Sheets are available for all our products and should be consulted for appropriate information regarding storage, safe handling, and disposal of the product.
